Dolores, thanks for doing this.

I made changes and I accepted all changes but changed my comments to bubble questions for the workgroup discussion in the second document. That should help for discussion. If you are okay with this Dolores, Ruth can you post the second document here (v2) for the workgroup discussion on Thursday. I'm unclear on the status of the reg language for review. Very likely I missed it and please just tell me to go back through my emails to find it. But we should probably also send that out for Thursday.
